APRIL 15, 2020

## DOWNTOWN MARINA BEAUTIFICATION

In 2019 the City of Des Moines implemented the Downtown Marina Beautification Project in which varying sizes of planters were placed throughout the Downtown Marina District. The flower planters were then filled with lush, vibrant flowers that were a huge hit within the Community.

Prior to the Coronavirus pandemic, flowers were ordered for the 2020 planting season and are now ready to be delivered. Planting will start next week!

The Downtown Marina Beautification project was a huge success last year. Our Plant Care Specialist received daily input from citizens on how beautiful the plants were and how much they enjoyed the profusion of color it brought to the Marina and downtown corridor.

In these uncertain times, the beautiful flowering planters can be a reminder to us all that hope is right around the corner.
